Josh Kowalski is tired of holding down the fort—better known as the Northern Star Lodge—while his siblings are off living their dreams. Now that his oldest brother has returned to Whitford, Maine for good, Josh is free to chase some dreams of his own. As the daughter of the lodge's longtime housekeeper, Katie Davis grew up alongside the Kowalski kids. Though she's always been "one of the guys", her feelings for Josh are anything but sisterly. And after a hot late-night encounter in the kitchen, it's clear Josh finally sees her as the woman she is. Katie's been waiting years for Josh to notice her, but now that he has, she's afraid it's too late. Giving her heart to a man who can't wait to leave town is one sure way to have it broken. But Josh keeps coming up with excuses not to leave—could it be that everything he's ever wanted is closer than he could have imagined?

He won't stay put for a woman, and she won't chase after any man... Mitch Kowalski lives out of a suitcase—and he likes it that way. Traveling for work has the added bonus of scaring off women who would otherwise try to tie him down. But when he's called home to help with the family lodge, he's intrigued by the new girl in town and her insistence that she doesn't need a man. If there's one thing Mitch can't resist, it's a challenge. After a nomadic childhood, Paige Sullivan is finally putting down roots. Determined to stand on her own two feet, she lives by the motto "Men are a luxury, not a necessity." But when Mr. Tall, Dark and Hot pulls up a stool in her diner and offers her six weeks of naughty fun with a built-in expiration date, she's tempted to indulge. They're the perfect match for a no-strings fling. Until they realize their sexy affair has become anything but casual... 70,000 words

A young boy embarks on a magical journey that begins as he falls asleep and dreams that he is a dog.

In the opening story of this extraordinary collection, "California Burning," a man must come to terms with a strange truth about his dead father, whose corpse refuses to be cremated. In "Snow in Dirt," a man finds the woman of his dreams buried in a state of suspended animation in his garden. The burned-out fashion designer in "Hymenoptera" receives new inspiration when a chest-high, eight-foot-long wasp shows up in his studio. And in stories like "Twenty-two and You," "The Roberts," and "Know How Can Do," Blumlein explores the consequences—sometimes humorous, sometimes horrific--of scientific technologies such as genetic manipulation and the creation of artificial life. Varying widely in theme and subject matter, these stories showcase the breadth and power of Michael Blumlein's vision and once again reveal him to be one of the most original and fascinating of contemporary writers. They are stories that skirt the boundaries of fantasy, science fiction and horror, existing in a genre uniquely the author's own. This volume brings together all the short fiction published by Blumlein in the three decades since the original appearance of his award-winning collection The Brains of Rats (1989), including two stories published here in book form for the first time. "One of science fiction's most piercing literary talents." --San Francisco Chronicle "Blumlein has an exceptional vision and he conveys it with exceptional talent." --Washington Post "Blumlein is one of the most important, original and challenging writers working in SF or horror today."--Science Fiction Eye

A history of the circus from its origins in the Roman times, through its establishment in Western Europe, and to the modern day circus—absolutely diverse and captivating
Circuses have existed since Roman times, but centuries later, the circus world has never been more diverse and captivating, the global success of Cirque du Soleil testament to its enduring and universal appeal. Traditional family circuses for kids, arty cirque-style shows for adults, circuses in tents or in theaters, circuses with animals or without, cabaret-style hybrids on the burlesque circuit—this is an expert guide to their extraordinary history and culture. The circus requires a unique type of performer, people who blend the discipline of sports stars with the razzmatazz of showbiz; itinerant but clannish entertainers who have often had circus blood in their families for generations; world class gymnasts who risk death twice daily and help take down the big top afterwards. This history offers a journey into this unique world, each chapter an access-all-areas pass to a different circus, talking to the trapeze flyers, clowns, animal trainers, and showmen about their lives, work, families, customs, and traditions.
