James Franco, Actor: The Disaster Artist. Known for his breakthrough starring role on Freaks and Geeks (1999), James Franco was born April 19, 1978 in Palo Alto, California, to Betsy Franco, a writer, artist, and actress, and Douglas Eugene "Doug" Franco, who ran a Silicon Valley business. His mother is Jewish and his father was of Portuguese and Swedish descent.

James Franco - IMDb

Francisco Franco - Francisco Franco - Franco's dictatorship: Although Franco had visions of restoring Spanish grandeur after the Civil War, in reality he was the leader of an exhausted country still divided internally and impoverished by a long and costly war. The stability of his government was made more precarious by the outbreak of World War II only five months later.

Francisco Franco - Franco's dictatorship | Britannica

Franco wanted to honour generals from the Nationalist side by ascribing their names to various locations, and most still retain these names. Such is the case of San Leonardo de Yagüe, where General Juan Yagüe was born, or Alcocero de Mola, where General Emilio Mola died in a plane crash during the war.

Franco | Definition of Franco at Dictionary.com

Franco founded and led the Orchestre T.P.O.K. Jazz from 1956 until his death in 1989. Originators of the modern Congolese sound, Franco revolutionized modern African music, releasing hundreds of records, training hundreds of musicians and achieving an African super-star status.

Reviews Franco's near forty-year rule of Spain, discusses his personal style, and looks at Spain's economy, foreign policy, and social changes during that period

Examines three Latin fascist tyrants--Mussolini, Franco, and Salazar--and shows how they perpetuated their rule.

Chronicles the life and rule of the Spanish dictator, from his early years to his military career to his leadership of the nation.

Generalissimo Francisco Franco, the Caudillo of Spain from the Nationalists' brutal, Fascist-sponsored victory over the Republican government in the Spanish Civil War until his quiet death in 1975, is the subject of this book.

On 20th November 1975, General Francisco Franco died in Madrid, just before his 83rd birthday. At the time of his death he had been the head of a dictatorial regime with the title of 'Caudillo' for almost 40 years. In this book, Enrique Moradiellos redraws Franco in three dimensions - Franco, the man; Franco, the Caudillo and Franco's Spain. In so doing, he offers a reappraisal of Franco's personality, his leadership style and the nature of the regime that he established and led until his death. As a dictator who established his power prior to World War II and maintained it well into the 1970s, Franco was one of the most central figures of twentieth-century European history. In Spain today, he is a spectre from a regrettable recent past, uncomfortable yet still very real and significant. Although a relatively minor dictator in comparison with Mussolini, Hitler or Stalin, Franco was more fortunate than them in terms of survival, long-lasting influence and public image. A study of his regime and its historical evolution sheds new light on fundamental questions of European history, including the social and cultural bases for totalitarian or authoritarian challenges to democracy and sources of political legitimacy grounded in the charisma of a leader. In this book, Enrique Moradiellos Garcia examines the dictatorship as well as the dictator and, in doing so, reveals new aspects to our understanding of General Franco, the Caudillo.

Franco and the Spanish Civil War is a wide-ranging and insightful analysis of the origins, course, and consequences of the conflict and of Franco's role within it. It offers a broad view of the war through a

Access Free Franco

survey of the social and cultural dimensions, as well as the military and political ones. In particular, it traces Franco's meteoric rise to power, his conduct in the war, and his long subsequent rule. This authoritative introduction illuminates the many different interpretations of the conflict by examining a variety of perspectives. Franco and the Spanish Civil War places the war in its national and global contexts, exploring both nationalist and republican points of view, and giving attention to foreign participation in the conflict.

Between 1840 and 1930, approximately 900,000 people left Quebec for the United States and settled in French-Canadian colonies in New England's industrial cities. Yves Roby draws from first-person accounts to explore the conversion of these immigrants and their descendants from French-Canadian to Franco-American. The first generation of immigrants saw themselves as French Canadians who had relocated to the United States. They were not involved with American society and instead sought to recreate their lost homeland. The Franco-Americans of New England reveals that their children, however, did not see a need to create a distinct society. Although they maintained aspects of their language, religion, and customs, they felt no loyalty to Canada and identified themselves as Franco-American. Roby's analysis raises insightful questions about not only Franco-Americans but also the integration of ethno-cultural groups into Canadian society and the future of North American Francophonies.

Franco's counter insurgency campaigns in Muslim North Africa

What happens when Franco Genovese, drummer for the American rock band, Rook, and Gemma Hendricks, a British architect, meet in a L.A. bar? The attraction between the two is instant, and so is their friendship. When they both head home soon, it will all be over, or will it? There is something Gemma wants more than anything else. Everything changes when Franco propositions her to provide what she's looking for, but will it be love, or will it be their ruin?

Now available in English for the first time, a controversial work that indicts the Vatican for its actions before and during World War II. In the decade preceding the outbreak of World War II, the Vatican made a devil's bargain with fascist leaders. Anticipating that their regimes would eliminate a common enemy--namely Marxist-Leninist communism--two popes essentially collaborated with Hitler, Mussolini, and the fascist dictators in Spain (Franco) and Croatia (Pavelić). This is the damning indictment of this well-researched polemic, which for almost five decades in Germany has sparked controversy, outrage, and furious debate. Now it is available in English for the first time. Many will dismiss Deschner--who himself was raised and educated in a pious Catholic tradition--as someone who is obsessed with exposing the failings of the church of his upbringing. But he has marshaled so many facts and presented them with such painstaking care that his accusations cannot easily be ignored. The sheer weight of the evidence that he has brought

Access Free Franco

together in this book raises a host of questions about a powerful institution that continues to exercise political influence to this day.
