A girl, her mother, and their dog must find a way to survive in gold rush-era Alaska. After escaping from his brutal and merciless owner, Murphy is taken in by a young girl named Sally. She and her mother have just arrived in Nome, Alaska, intent on joining the other gold seekers and making a new life. Yet even with Murphy at their side, Sally and Mama find living in the mining town harsh and forbidding. When it seems they may have to return to San Francisco, Sally and Murphy decide to strike out on their own, hoping to find gold and make a permanent home. But dangers await them—not only blizzards and grizzly bears, but also Murphy's original owner, who will stop at nothing to get what he wants. The Dog Chronicles series features fast-paced, fascinating historical fiction about working dogs, perfect for readers who love books.

Puffin Chapter Books.

The Gumshoe Gang has their next case and it hits close to home. One of their own detectives is missing his RC race car and has to crack the ransom note! Caleb needs his car back in order to compete in the school ' s RC race car race on Sunday and he has no time for these nonsense riddles. Can his friends help him crack the notes? Who would steal a RC race car anyway? And why does it smell like rotten eggs? These mysteries are perfectly suited to keep readers guessing as they solve for clues. With longer sentences and fewer illustrations, they are just the right fit for your early fluent reader. • Underlying issues related to friends, family, and growing up • Keeps kids guessing with false clues • Extensive back matter

Brighter Child(R) Spanish for Grade 2 helps students master beginning foreign language skills. Practice is included for learning number words, neighborhood words, classroom words, and more. Students will find help for math, English and grammar, handwriting, and other important subject areas. Each book contains full-color practice pages, easy-to-follow instructions, and an answer key.

Keena Ford doesn't mean to be a troublemaker, but sometimes things get out of hand. Lucky for her, it's the beginning of the second grade and Keena's got a clean slate. So when her new second-grade teacher, Ms. Campbell, mistakenly thinks it's her birthday and brings in a huge chocolate cake, Keena realizes that she's gotten herself into a sticky situation. She knows she has to tell the truth, but it's not easy to turn down her very own birthday cake and a chance to wear a sparkly crown. How will Keena get out of this mess?

This book examines the implications of new communication technologies in the light of the most recent work in social and cultural theory and argues that new developments in electronic media, such as the Internet and Virtual Reality, justify the designation of a "second media age".

The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world ' s largest democracies – Brazil, India, and the United States – now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

SOON TO BE A MAJOR MOTION PICTURE!
