So, in a way, Gandhi didn ' t exactly have just one identified religion, he believed in all of them. The religious ideology of Osama Bin Laden, was a different story. He didn ' t believe that every religion was true, he only believed in Islamic teachings. In fact, many of his actions were played on his radicalist beliefs of pan-Islamic teachings.

This book examines the lives and ideas of Mohandas K. Gandhi and Osama bin Laden. Can both men be equally 'religious' figures? How can the religious philosophy of nonviolence respond to its nemesis, which takes life easily and casually? Abdul Ghaffar Kahn, a nonviolent representative of Islam, is also discussed.

This book examines the lives and ideas of Mohandas K. Gandhi and Osama bin Laden. Can both men be equally 'religious' figures? How can the religious philosophy of nonviolence respond to its nemesis, which takes life easily and casually? Abdul Ghaffar Kahn, a nonviolent representative of Islam, is also discussed.

What is the overarching meaning of the world's religions? Textbooks relay what the religions believe and leave it at that. But the more puzzling questions--Which of them is true? How do all viewpoints fit together or challenge one another?--are left unaddressed. Like an unfinished puzzle, the myriad religions present themselves to us as countless pieces, but their relationship to each other and ultimate importance escape us. Can the religions of the world really agree on anything or fit into a common narrative or singular image? This work argues that despite the disagreements and contradictions among world religions, a universal message can be found by studying them with care. It offers a comprehensive examination of religions and their meaning, uniquely bound by the hope and affirmation that in some way they are universally connected. It affirms a universalism by wisdom, which contends that a moral and spiritual wisdom can be found in many of the world's religions. Understood and interpreted properly, religions can help all people lead good and meaningful lives.

This Book was written because in todays world most People turn to the wrong advisors . They go to a Psychic or Furtune Teller . If they would follow their learned Religion .as they had grown up with ,they would not need ot go anywhere else but read the Bible, look to the Heavens for answers, because that is where the thru help is coming from ,but they also need to believe in God , for he is the only one who really can help no matter what . As he has proven to me over and over again throughout my whole Life . Monika Grunwald -Schutz .

To prevent tragedies like Sept 11, 2001, every American must read this bookA Wake-Up Call for America and the World:The world stands on the verge of a revolution and this book is at the center-stage of causing it. Sometimes unknown forces causehavoc and destruction. Why do we play into the hands of theseforces? Why did September 11, 2001 change everything forever?Why would stocks and economy not recover?Find out answers. Discover why the September 11th tragedyhappened and explore solutions. Whether you are in school,home, or working: whether you believe in God or not; whetheryou are a scientist or historian, engineer or physician, socialworker or politician, you have a role to perform. Following anexplained step by step approach, you would create your own"Manual for Life," with statements of your vision, mission andobjectives in life that indicate your role in preventing futuretragedies like September 11th.This is a Wake-Up Call. Don't hit the snooze button and go tosleep again. If you do, there would be yet another ringing of thealarm. Get up now and act. Tap the opportunity to come out awinner. Get to know 'how.'

Comparative philosophy and religion can help us to understand the violence and terror that often dominate our world. These new, creative studies - ranging in scope from ancient Biblical, Greek, Indian, and Chinese formulations to recent religious and philosophical positions - broaden and deepen our understanding of terror and present new possibilities for greater nonviolence, peace, and true security.

This popular textbook has been thoroughly revised and updated to reflect recent global developments, whilst retaining its unique and compelling narrative-style approach. Using ancient stories from diverse religions, it explores a broad range of important and complex moral issues, resulting in a truly reader-friendly and comparative introduction to religious ethics. A thoroughly revised and expanded new edition of this popular textbook, yet retains the unique narrative-style approach which has proved so successful with students. Considers the ways in which ancient stories from diverse religions, such as the Bhagavad Gita and the lives of Jesus and Buddha, have provided ethical orientation in the modern world Updated to reflect recent discussions on globalization and its influence on cross-cultural and comparative ethics, economic dimensions to ethics, Gandhian traditions, and global ethics in an age of terrorism Expands coverage of Asian religions, quest narratives, the religious and philosophical approach to ethics in the West, and considers Chinese influences on Thich Nhat Hanh ' s Zen Buddhism, and Augustine ' s Confessions Accompanied by an instructor ' s manual (coming soon, see www.wiley.com/go/fasching) which shows how to use the book in conjunction with contemporary films

Volume 25 in the Boston University Studies in Philosophy and Religion series brings together distinguished scholars to reflect on the fascination and fear that humans inevitably experience when confronted with diverse religious beliefs and practices. Contributors argue that fear of the stranger and his or her religion can only be overcome through education, and they suggest ways in which we can better understand one another and the world in which we live. Part one of the collection, entitled Talking with Strangers, explores avenues for finding common ground between religious strangers. In this section Stephen Prothero examines the American reception of Hinduism, John de Gruchy analyzes the relationship between Christianity, Judaism, and Islam in South Africa, and Bhikhu Parekh imagines a dialogue between Osama bin Laden and Mahatma Gandhi. The second set of essays addresses the theme of understanding difference, with a particular focus on methodological approaches within philosophy of religion. Wendy Doniger argues for an approach to cross-cultural studies that recognizes both the similarities and the differences between us and the other, and that encourages us to think and f

Provides a chronology of the interplay between religion and politics, biographical sketches, sociological data, related quotations, a directory of organizations, and other information that focuses on contemporary issues.
