Veteran radio and television personality John Gallagher ' s salacious, voracious, and dangerously delicious memoirs of a life lived on the edge in the midst of some of the world ' s biggest celebrities. Long-time sportscaster John Gallagher has had close to four decades of hosting some of the top-rated radio and TV shows in Canada and, while he was at it, doing enough drugs to wipe out a small village. Along the way there was plenty of drinking, cavorting, and gallivanting with some of the coolest, biggest, and baddest sports stars and Hollywood celebs around. In Big League Babble On, John spares no one, not even himself. Read about his nights boozing with the likes of Tony Curtis, Stevie Nicks, Colin Farrell, and Leafs head coach Pat Burns. Find out how partying with Gallagher saved Mark Wahlberg ' s life. Or how he once came a little too close to Princess Di. And the time Muhammad Ali stole John ' s Penthouse magazine ... for the articles. Gallagher is a pop culture Cuisinart and a walking — but mostly talking — sports almanac. From hot tubbing with Wendel Clark to his friendship and falling-out with Robbie Alomar, Gallagher has met (and often partied with) all of the greats. This book is your backstage pass.

As a long time professional writer contributing to a wide variety of commercial markets John J. Gallagher saw the

Read Book John Gallagher The Worlds Best Rugby Player

world of novel writing as the ultimate goal to satisfy a creative imagination. Prior to becoming interested in golf, John experienced sport at the elite level having been a professional and international soccer player. However his interest moved to the game of golf in his senior years and he enjoyed the pleasure of achieving a single figure handicap, being a club champion and held a course record - a result of practicing what he preaches as a motivational consultant and coach. This story combines the game of Match Play an intriguing game, with great story telling. This is a page turner.

"Pugs from outer space want to steal the meatball that gave Max Meow his superpowers, and it's up to Max and Mindy to stop them"--

This popular 1995 work is now available in trade paperback for all those who have still not read a vivid, exciting account of the largest battle of the American Revolution (albeit a crushing American defeat) and for all those who continue to refer to the clash as “ The Battle of Long Island. ” At Brooklyn, George Washington commanded the largest army that he would handle throughout the Revolution, and though he did not at first succeed, the fighting that day set the stage for victories to come. “ In his shot-by-shot account of the largest and bloodiest battle of the American Revolution, Gallagher recreates the fierce encounter of 27 August 1776 in which twenty thousand British, Hessian and Loyalist troops defeated ten thousand patriot soldiers. . . . the book offers many perceptive observations and the author succinctly summarizes the lessons derived . . . this book is recommended reading for those who cherish the heritage of the gallant ‘ rabble in arms’ that risked all for American independence. ” —Long Island Historical Journal “ Long

neglected . . . the Battle of Brooklyn is given comprehensive coverage . . . using a lively writing style Gallagher makes it easy to visualize the actual skirmishes by providing interesting details. ” —Flintlock and Powderhorn

"John Gallagher's Reimagining Detroit provides a thought-provoking analysis of a city devastated by deindustrialization and a clear vision for a future Detroit as a smaller, vibrant city. This thinking goes against the grain as many public policy experts and planners believe that fixing Detroit requires a repopulation of the city's current footprint. Policy makers and community leaders should examine Gallagher's paradigm-shifting idea that when you plan for shrinkage, growth happens. Reimagining Detroit is a must-read for all engaged in the hard work of rebuilding Detroit."-Sheila Cockrel, former Detroit city councilwoman and adjunct professor in the Wayne State University Irvin D. Reid Honors College "John Gallagher has done a great job of synthesizing a host of important and emerging ideas that could dramatically change Detroit's future and of presenting them in ways that are clear and vivid and that both practitioners and laypeople will readily grasp. This is a valuable book, not only for Detroiters, but for anyone with a physical, financial, or emotional stake in the future of America's shrinking industrial cities."-Alan Mallach, non-resident senior fellow in the Metropolitan Policy Program at the Brookings Institution and author of Bringing Buildings Back: From Vacant Properties to Community Assets" What is really distinctive about John Gallagher's contribution to the Detroit saga is his perspective. This important and timely book reflects his design/architectural background, his business experience, and the investigative skills he honed at the Detroit Free Press. This rich background is badly needed, as much of the writing about the post-industrial urban future, including

Detroit's, is narrow or opinionated or worse, both. Gallagher's book will not be the last to explore the journey that Detroit might take through the twenty-first century, but this road map will be essential reading for all."-Robin Boyle, director of the Department of Urban Studies and Planning at Wayne State University "Whether urban or rural dweller, academic or practitioner, the reader takes from Gallagher a deeper appreciation of both the challenges and opportunities that exist within our cities, challenges and opportunities that will ultimately impact our country."-Jay Williams, mayor of Youngstown, Ohio, from the foreword

(Theatre World). Applause Theatre & Cinema Books is pleased to make this venerable continuing series complete by publishing Theatre World Volume 63 . Theatre World remains the authoritative pictorial and statistical record of the season on Broadway, Off-Broadway, Off-Off-Broadway, and for regional theatre companies. Volume 63 features Duncan Sheik and Steven Sater's Tony Award-winning Best Musical Spring Awakening , which also earned a Theatre World Award for actor Jonathan Groff. Tom Stoppard's The Coast of Utopia captured the Best Play Tony Award, as well as Tonys for featured actors Billy Crudup and Jennifer Ehle. Frasier star David Hyde Pierce returned to his theatre roots to capture a Tony for Kander and Ebb's Curtains , and other highlights of the season include the Off-Broadway musical In the Heights as well as Passing Strange , which debuted at the Berkeley Repertory Theatre. Both have since transferred to Broadway and become critical and popular hits. As always, Theatre World 's outstanding features include: * An expanded section of professional regional productions from across the U.S. * The longest running shows on and Off-Broadway * Full coverage of the Theatre World Awards for Broadway and Off-Broadway debuts * Expanded obituaries

and a comprehensive index

After decades of suburban sprawl, job loss, and lack of regional government, Detroit has become a symbol of post-industrial distress and also one of the most complex urban environments in the world. In *Revolution Detroit: Strategies for Urban Reinvention*, John Gallagher argues that Detroit's experience can offer valuable lessons to other cities that are, or will soon be, dealing with the same broken municipal model. A follow-up to his award-winning 2010 work, *Reimagining Detroit*, this volume looks at Detroit's successes and failures in confronting its considerable challenges. It also looks at other ideas for reinvention drawn from the recent history of other cities, including Cleveland, Flint, Richmond, Philadelphia, and Youngstown, as well as overseas cities, including Manchester and Leipzig. This book surveys four key areas: governance, education and crime, economic models, and the repurposing of vacant urban land. Among the topics Gallagher covers are effective new urban governance models developed in Cleveland and Detroit; new education models highlighting low-income-but-high-achievement schools and districts; creative new entrepreneurial business models emerging in Detroit and other post-industrial cities; and examples of successful repurposing of vacant urban land through urban agriculture, restoration of natural landscapes, and the use of art in public places. He concludes with a cautious yet hopeful message that Detroit may prove to be the world's most important venue for successful urban experimentation and that the reinvention portrayed in the book can be repeated in many cities. Gallagher's extensive traveling and research, along with his long career covering urban redevelopment for the
