Memoirs from the Women's Prison offers both firsthand witness to women's resistance to state violence and fascinating insights into the formation of women's community. Saadawi describes how political prisoners, both secular intellectuals and Islamic revivalists, forged alliances to demand better conditions and to maintain their sanity in the confines of their cramped cell.

Provides an account of the author's twenty-two day term in a women's prison in Egypt, where she was held on charges of attacking the ruling system, and where she stayed until President Sadat was assassinated

In 1981, the celebrated author and activist Nawal el Saadawi was imprisoned by the Sadat regime in her native Egypt, for 'crimes against the state'. Through haunting and evocative prose, Saadawi here recounts how she and her fellow prisoners continued to resist even in captivity, and to form a community which transcended divisions between secular and religious activists. She reveals both the harrowing detail and the everyday mundanity of prison life, as well as the bravery and resolve of all women resisting oppression - and of political prisoners around the world. *Memoirs from the Women's Prison* is an unforgettable, landmark work of prison writing that offers a rare insight into the indomitable, soaring literary mind of the Arab world's leading feminist.

#1 NEW YORK TIMES BESTSELLER • NOW A NETFLIX ORIGINAL SERIES With a career, a boyfriend, and a loving family, Piper Kerman barely resembles the reckless young woman who delivered a suitcase of drug money ten years before. But that past has caught up with her. Convicted and sentenced to fifteen months at the infamous federal correctional facility in Danbury, Connecticut, the well-heeled Smith College alumna is now inmate #11187-424—one of the millions of people who disappear “down the rabbit hole” of the American penal system. From her first strip search to her final release, Kerman learns to navigate this strange world with its strictly enforced codes of behavior and arbitrary rules. She meets women from all walks of life, who surprise her with small tokens of generosity, hard words of wisdom, and simple acts of acceptance. Heartbreaking, hilarious, and at times enraging, Kerman’s story offers a rare look into the lives of women in prison—why it is we lock so many away and what happens to them when they’re there. Praise for *Orange Is the New Black* “Fascinating . . . The true subject of this unforgettable book is female bonding and the ties that even bars can’t unbind.” —People (four stars) “I loved this book. It’s a story rich with humor, pathos, and redemption. What I did not expect from this memoir was the affection, compassion, and even reverence that Piper Kerman demonstrates for all the women she encountered while she was locked away in jail. I will never forget it.” —Elizabeth Gilbert, author of *Eat, Pray, Love* “This book is impossible to put down because [Kerman] could be you. Or your best friend. Or your daughter.” —Los Angeles Times “Moving . . . transcends the memoir genre’s usual self-centeredness to explore how human beings can always surprise you.” —USA Today “It’s a compelling awakening, and a harrowing one—both for the reader and for Kerman.” —Newsweek

“Life in a women’s prison is full of surprises,” writes Cristina Rathbone in her landmark account of life at MCI-Framingham. And so it is. After two intense court battles with prison officials, Rathbone gained unprecedented access to the otherwise invisible women of the oldest running women’s prison in America. The picture that emerges is both astounding and enraging. Women reveal the agonies of separation from family, and the prevalence of depression, and of sexual predation, and institutional malaise behind bars. But they also share their more personal hopes and concerns. There is horror in prison for sure, but Rathbone insists there is also humor and romance and downright bloody-mindedness. Getting beyond the political to the personal, *A World Apart* is both a triumph of empathy and a searing indictment of a system that has overlooked the plight of women in prison for far too long. At the center of the book is Denise, a mother serving five years for a first-time, nonviolent drug offense. Denise’s son is nine and obsessed with Beanie Babies when she first arrives in prison. He is fourteen and in prison himself by the time she is finally released. As Denise struggles to reconcile life in prison with the realities of her son’s excessive freedom on the outside, we meet women like Julie, who gets through her time by distracting herself with flirtatious, often salacious relationships with male correctional officers; Louise, who keeps herself going by selling makeup and personalized food packages on the prison black market; Chris, whose mental illness leads her to kill herself in prison; and Susan, who, after

thirteen years of intermittent incarceration, has come to think of MCI-Framingham as home. Fearlessly truthful and revelatory, *A World Apart* is a major work of investigative journalism and social justice.

Random Family meets Orange Is the New Black in *A Little Piece of Light*, a memoir of survival, redemption, hope, and sisterhood from a bold new voice on the front lines of the criminal justice reform movement. Like so many women before her and so many women yet to come, Donna Hylton's early life was a nightmare of abuse that left her feeling alone and convinced of her worthlessness. In 1986, she took part in a horrific act and was sentenced to 25 years to life for kidnapping and second-degree murder. It seemed that Donna had reached the end--at age 19, due to her own mistakes and bad choices, her life was over. *A Little Piece of Light* tells the heartfelt, often harrowing tale of Donna's journey back to life as she faced the truth about the crime that locked her away for 27 years...and celebrated the family she found inside prison that ultimately saved her. Behind the bars of Bedford Hills Correctional Facility, alongside this generation's most infamous criminals, Donna learned to fight, then thrive. For the first time in her life, she realized she was not alone in the abuse and misogyny she experienced--and she was also not alone in fighting back. Since her release in 2012, Donna has emerged as a leading advocate for criminal justice reform and women's rights who speaks to politicians, violent abusers, prison officials, victims, and students to tell her story. But it's not her story alone, she is quick to say. She also represents the stories of thousands of women who have been unable to speak for themselves, until now.

This engrossing collection of prison memoirs by Russian women is the first to portray the direct experiences of the wide range of women who were incarcerated in Soviet prisons and camps. Comprising the stories of women from all classes and backgrounds, this book covers the entire span of the Gulag's existence from the 1920s to the 1980s, including the little-known periods of political repression of the 1960s and 1980s. These memoirs and letters provide a rich portrait of how women led everyday life in prison and in the camps, of the strategies of accommodation and resistance they employed, and the challenges they faced when they reentered Soviet society. Although readers will hear the voices of women who were in excruciating physical and emotional pain, they will also find remarkable testimonies to the agency and resilience of women who struggled against incredible odds. Written by women from all stations in life and from drastically different backgrounds, these stories reconstruct not only the world of the Gulag but also its meaning for society at large. The documents excerpted here point to areas of Soviet history and culture that have yet to be fully investigated as they illuminate women's experiences of friendship, work, hope, inspiration, loss, and terror. All the works selected for the collection are united by their authors' sense of group and individual identity. To varying degrees, all of them associate their experiences with events and people beyond their personal experiences and immediate surroundings, thus expanding the traditional perspective of women's writing. These riveting stories, never before published in English or Russian, will appeal to scholars and students of Soviet history and literature, as well as general readers interested in women's history.

A deeply personal and inspiring memoir recounting one woman's struggles—beginning with her birth in prison—to find self-acceptance *Prison Baby* is a revised and substantially expanded version of Deborah Jiang Stein's self-published memoir, *Even Tough Girls Wear Tutus*. Even at twelve years old, Deborah, the adopted daughter of a progressive Jewish couple in Seattle, felt like an outsider. Her mixed Asian features set her apart from her white, well-intentioned parents who evaded questions about her past. But when she discovered a letter revealing the truth of her prison birth to a heroin-addicted mother—and that she spent the first year of life in prison—Deborah spiraled into emotional lockdown. For years she turned to drugs, violence, and crime as a way to cope with her grief. Ultimately, Deborah overcame the stigma, shame, and secrecy of her birth, and found peace by helping others—proving that redemption and acceptance are possible even from the darkest corners. From the Trade Paperback edition.
