Does the fact that you might end up working there all your life make you unhappy? Good news, there is a solution, but first, let me tell you a little bit more about myself. I'm Mark Atwood, an established entrepreneur who managed to become financially free at the age of 26. The truth is that I lived the type of life similar to the one that you most likely are living right now. I kept on working like a maniac and I was MISERABLE! I'm not going to tell you my entire life story so let's keep it short. The main key to my financial success and the success of many other millionaires is the creation of multiple streams of passive income. Having a steady cash flow every month from multiple sources is directly linked to wealth creation. Ask any millionaire you know. Why? You begin with setting

up one source of passive income. If this income stream truly is passive, then you have the time to set up another one. Now all of a sudden you are earning money every month from two sources with very little or no maintenance work at all. You keep on creating more and more streams of passive income. Eventually, you reach a very high level and make a ton of money every month! Makes sense right? Now let's get on to the good and bad news. The good news is that you do not have to be a genius to get started and you can start earning money very soon! Plus, it can all be taught! The bad news, however, is that it might take a lot of work up front. But let me ask you a question. Would you rather work one day and receive \$30 instantly or get paid \$2 every day as direct deposits to your bank
