~~Pharaoh (Jack Howard, book 7) by David Gibbins~~

Pharaoh is the seventh novel in my Jack Howard series, a modern-day thriller set partly during the British expedition in 1884-5 to relieve General Gordon in Khartoum. The story has all the ingredients that I'm most passionate about – diving adventure and underwater discovery, ancient mysteries rooted in real archaeology, and high drama in the 19th century, involving real historical characters who were driven as much by their quest for archaeological discovery as by imperial adventure.

Praise for Pharaoh “[David Gibbins’s] love of archaeology and of diving really brings these books to life. . . . Add to this . . . a true passion for history and a writing skill that has grown book by book. By the time we get to Pharaoh the series is a serious example of how this genre should be written; it does not get much better than this. . . . Gibbins makes the astounding seem more than plausible, he writes the history in such a way that the myth feels factual or at least highly plausible, and it’s more that just places and names; it’s a philosophical undertone to the extended plot, to the ethos of Jack Howard and his search for the facts and the truth. . . . History, mystery and myth all brought together to astound the reading senses . . . a true leader of his genre and his art.”—Parmenion Books “Utterly absorbing . . . When the adventure is as exciting as it is here, it is too good not to be allowed to speak for itself. . . . Put aside your assumptions of what a thriller should be and instead immerse yourself in one of the best historical adventures you’ll read this year.”—For Winter Nights Praise for David Gibbins “What do you get if you cross Indiana Jones with Dan Brown? Answer: David Gibbins.”—Daily Mirror (U.K.), on Atlantis “An exciting mix of fact and fiction, with shades of Clive Cussler and Indiana Jones.”—York Evening Press, on Crusader Gold

This is the story of Fabius Petronius Secundus – Roman legionary and centurion – and of his general Scipio Aemilianus, and his rise to power: from his first battle against the Macedonians, that seals the fate of Alexander the Great's Empire, to total war in North Africa and the Siege of Carthage. Scipio's success brings him admiration and respect, but also attracts greed and jealousy – for the closest allies can become the bitterest of enemies.
