didn't live up to the standard set by "Please Don't Tell My Parents I'm A Supervillian". The author made the unfortunately choice to ditch a lot of the good characters from last time in favour of a limited set of much flatter characters living in outer space, and there seemed to be a lot of flitting backwards and forwards that didn't accomplish much.

Please don't tell my parents. Embarrassment and shame can deter teenagers from contacting parents about drug and alcohol problems. I've written many times about the importance of letting your child know that you are happy to be part of a plan if something should ever go amiss when they are out. Every time they leave your house they need to hear you say "If you need me, I'll be there, anytime,

And in all this, where will she find time for her own supervillainous fun, or even more dangerous, to start dating? It's going to be a long, strange semester.
