The bestselling parents' guide towards happy, sleeping babies from birth to two years, from the international baby whisperer Tizzie Hall LAST UPDATED 2021 Tizzie Hall has gained an international reputation as a baby whisperer and miracle worker. Even from an early age, Tizzie knew how to read babies' body language and cries, and from that auspicious beginning she has developed a series of sleep routines that have provided parents and babies with a good night's sleep the world over. *Save Our Sleep* is the book that parents asked Tizzie to write, and with over 270,000 copies sold it has become the only book parents need to cure their own sleep deprivation! New material includes new routines, integrated feedback on routines, dummy use, express feeding, dealing with premature babies and twins, more information on teaching your baby to self-settle and brand new case studies and tips. Visit Tizzie's website *Save Our Sleep* for more products and information.

A dark, shocking, bestselling thriller debut about a mother and daughter—and the lengths to which a daughter will go to find independence. “Nobody wants to hear the truth from a liar.” For the first eighteen years of her life, Rose Gold Watts believed she was seriously ill. She was allergic to everything, used a wheelchair, and practically lived at the hospital. Neighbors did all they could, holding fundraisers and offering shoulders to cry on, but no matter how many doctors, tests, or surgeries, no one could figure out what was wrong with her. Turns out her mom, Patty Watts, was just a really good liar. After serving five years in prison, Patty gets out with nowhere to go and begs her daughter to take her in. The entire community is shocked when Rose Gold says yes. Patty insists all she wants is to reconcile their differences. She says she's forgiven Rose Gold for turning her in and testifying against her. But Rose Gold knows her mother. Patty Watts always settles a score. Unfortunately for Patty, Rose Gold is no longer her weak little darling... And she's waited such a long time for her mother to come home.

A common-sense guide to raising happy, healthy kids - from toddlers to tweens How much screen time should you let your children have? How and when do you talk about sex? What can you do when your kid throws a tantrum? Why should you let your children just play? Maggie Dent, queen of common-sense parenting, has answers to your real-world parenting dilemmas. Focusing on the most engaged-with topics from her popular *ABC Parental As Anything* podcast, Maggie tells us what the experts have to say, relates the experiences of other parents, and offers her own reassuring guidance to provide practical solutions to the challenges parents and caregivers face today. This book will give you the means to be the parent you'd like to be, and help you in your quest to raise happy, healthy, thriving, resilient children.

Give your kids the decluttering guide that will encourage their independence and create a more peaceful home for your family. Allie Casazza has created a resource for you to show kids how to create and design their own space, offering practical ideas on organization and productivity, kid-friendly inspiration for mindfulness, and interactive pages for creativity. Allie has encouraged women to simplify and unburden their lives as the host of The Purpose Show podcast and through her first book *Declutter Like a Mother*. Now she's helping you equip your kids and tweens to discover the same joy of decluttering as they design and create a space that supports their interests and goals, make more room in their lives for playtime and creativity, increase productivity and find renewed focus for schoolwork, learn valuable life skills, and cut down on cleaning time, reduce stress, and feel more peaceful. Your kids will start to understand that the less they own, the more time they have for what's important. Written in Allie's fun, motivational voice, *Be the Boss of Your Stuff* is ideal for boys and girls ages 8 to 12, includes photography and interactive activities with space to write, draw, imagine, and plan, shares step-by-step instructions for decluttering, offers added practical, personalized instruction from Allie's children, Bella and Leeland, and is a great gift for coming-of-age celebrations, the first day of spring, New Year's, Easter, birthdays, back-to-school, or school milestones. As your kids become more proactive in taking care of their stuff, you'll find your whole family has more time and space for creativity and fun. After all, less clutter, less stress, and less chaos in your kids' lives means more peace, more independence, and more opportunity to grow into who they're meant to be. Read Allie's first book, *Declutter Like a Mother*, to further equip yourself in decluttering while you empower your kids to embrace their space.

North America's #1 Cookbook for Parents of Tots and Toddlers Vicki Lansky has revised her classic cookbook to provide more delicious, nutritious recipes -- and more fun ideas Making baby food is easy! Blend fresh, pure baby food in minutes. Store fresh baby food so it's ready when you need it...even when you travel. Finger food do's and don'ts Make safe, nutritious finger foods for babies at 6, 9, 12, and 18 months. Discover recipes for teething biscuits your child will love. Terrific toddler table food Add variety and balance at mealtime with Vicki's child-tested breakfast, lunch, and dinner ideas. (Her tips for sneaking green vegetables into tiny tummies are guaranteed to succeed.) Happy birthday & season's greetings Have a lot more birthday and holiday fun with a little less sugar.

Now updated! The new edition of this best-selling guide uses science to tackle some of the most important decisions facing new parents—from sleep training and vaccinations to breastfeeding and baby food. Is cosleeping safe? How important is breastfeeding? Are food allergies preventable? Should we be worried about the aluminum in vaccines? Searching for answers to these tough parenting questions can yield a deluge of conflicting advice. In this revised and expanded edition of *The Science of Mom*, Alice Callahan, a science writer whose work appears in the *New York Times* and the *Washington Post*, recognizes that families must make their own decisions and gives parents the tools to evaluate the evidence for themselves. Sharing the latest scientific research on raising healthy babies, she covers topics like the microbiome, attachment, vaccine safety, pacifiers, allergies, increasing breast milk production, and choosing an infant formula.
