One of the reasons God sends revival in the first place is to call His people to deal with sin. Jesus, speaking about what happens when He sends the Holy Spirit says, " And when he is come, he will reprove the world of sin, and of righteousness, and of judgment " (John 16:8).

Over the centuries God has touched the earth with revival, lifting men and women into his presence in extraordinary ways. And in some epochs the divine hand seems to have rested on us longer and to have caused more profound changes in the church and the culture. Authors Towns and Porter have studied revival eras throughout history in order to identify the ten which seem to have been the greatest of all time. If you want to understand revival and if you long to see revival in our day, this book will speak to both your mind and your heart.

The Power of God at Work Charles Finney 's ministry led to some of the most amazing revivals that have ever occurred in the United States or England. In Holy Spirit Revivals, Finney recalls those events, revealing the secrets that led to the mass conversions of lost souls in his meetings throughout upstate New York, as well as in Boston, Philadelphia, and London. Finney was unafraid of offending delicate ears by addressing the problem of sin head-on, and his dedication to prayer, his understanding of Scripture, and his radical reliance on the power of the Holy Spirit are a great template for believers today. This treasured account of one of the greatest Christian preachers in history is an outstanding resource for anyone interested in seeing a revival of faith in the church.

How many countries experienced a religious revival during the 20th century? According to this new book on church revival history, there were, at the very least, twenty such revivals occurring in various parts of the world. Revival swept from Asia to Australia, through America, and across the European continent; all within the space of one century. When did I begin writing The Twenty Revivals of the Twentieth Century? It was many years ago; I first took pen to paper and began jotting down some of the revivals that occurred over the last one-hundred years. At that time, the twentieth century had barely ended. Yet, looking back, the realization came that there were at the very least twenty revivals, many of which do not appear in other books of this nature. The fact that there were so many revivals may come as a surprise to some, considering it averages out at one spiritual awakening every five years! So, one could say, the early twentieth century was an era of Revivals. Why This Book? I wrote The Twentieth Revivals of the Century because there are so many stories that need to be told. Stories of sweeping revivals, which happened all across the globe. Spiritual awakenings that occurred in countries making headlines today--sometimes for all the wrong reasons. Nations like North Korea's Pyongyang, which had at one stage, in 1907, over 3,000 people in one church. Who would think when looking at the North Korea of today under the current regime, Pyongyang was once called the Jerusalem of East Asia! Then, there is Japan, which almost became a Christian nation, leading up to the twentieth century. At this time, Christianity began gaining ground at a rapid pace. It even got to the point where some non-Christian government officials suggested that Christianity could become Japan's state religion. Such was the impact heading into the twentieth century that some said not to send any foreign missionaries into Japan. Why? Because the homegrown churches were gaining so much ground. Besides this, many also believed that if the local Christians continued the way they were going, wrote Verbeck in 1889, "you need not, after 1890; send any more missionaries to Japan." So, what was the date for the expected Christianization of the country? The writer continues, "Some put 1890 as the date, some 1895, but no one puts it any later than 1900!" Great revivals covered in this book also include China, India, the former Soviet Union, as well as the United States, when America felt the flame of true religious revival. The thing that surprised me most, though, when writing this book, was that the first flames of worldwide revival were the prayer circles that originated in Australia. Most, if not all, of the revivals detailed in this book, took their cue from these praying groups in Melbourne. For example, Pandita Ramabai, in 1905, sent her daughter from India to Australia. Why? To learn about the prayer circles. Before long, India experienced a revival similar to that of the Welsh Revival of 1904. There are very few books today, which go into such depth as The Twenty Revivals of the Twentieth Century does. So, if you want to learn about some unknown revival activity in the church, why not look at this book, it may change the way you think and pray about worldwide revival in the church.

Revival is bringing something that is dead back to life. Much of today 's Church needs reviving. When God comes in an unusual way, releasing His

presence and power over and above what a church normally experiences, we call it a visitation of God. Every visitation of God should become a habitation of God and become a move of God, going beyond that local church into the community, city, and nation. The move of God results in evangelization, missions, and the fulfilling of the Great Commission. Starting in the book of Acts and down through the centuries, there have been numerous visitations and moves of God. We look at Church history. Understanding history helps us correctly interpret the present and prepare for the future. We draw inspiration, insight, and lessons from what God has done in the past, by reviewing stories, and asking relevant questions: What can we learn from Church history about revivals, visitations, and moves of God? What does it take for a visitation of God to become a move of God? What are signs of a genuine visitation of God? How do we steward a revival, a visitation, and a move of God? The "latter rain" falls just before harvest. "Therefore, be patient, brethren, until the coming of the Lord. See how the farmer waits for the precious fruit of the earth, waiting patiently for it until it receives the early and latter rain. You also be patient. Establish your hearts, for the coming of the Lord is at hand" (James 5:7-8). In biblical context, the early rains were showers that usually came during October-November and prepared the ground for the seed. The latter rain fell during March-April and was necessary for the ripening of the crops before harvest. If we believe God is preparing for a mighty endtime outpouring, a great visitation, and ingathering of harvest before His return, then we must get ourselves and our congregations ready for the latter rain of the Holy Spirit. The Great Awakening refers to a number of periods of religious revival in American Christian history. Historians and theologians identify three or four waves of increased religious enthusiasm occurring between the early 18th century and the late 20th century. Each of these "Great Awakenings" was characterized by widespread revivals led by evangelical Protestant ministers, a sharp increase of interest in religion, a profound sense of conviction and redemption on the part of those affected, an increase in evangelical church membership, and the formation of new religious movements and denominations. This volume is the history of the religious revival in America in the mid to late 18th century and remains second to none in its definitive treatment of one of the most important and remarkable eras in the history of the Christian church in modern times.

From the 1930s the East African Revival influenced Christian expression in East Central Africa and around the globe. This book analyses influences upon the movement and changes wrought by it in Uganda, Rwanda, Burundi, Kenya, Tanzania and Congo, highlighting its impact on spirituality, political discourse and culture. A variety of scholarly approaches to a complex and changing phenomenon are juxtaposed with the narration of personal stories of testimony, vital to spirituality and expression of the revival, which give a sense of the dynamism of the movement. Those yet unacquainted with the revival will find a helpful introduction to its history. Those more familiar with the movement will discover new perspectives on its influence.

Lessons from the History of Revivals For the 21st Century Church Charles Finney, the father of modern revivals, called revival a "renewed conviction of sin and repentance, followed by an intense desire to live in obedience to God." In order for revival to take place on a personal level, it requires the absolute surrender of one's will to God in prayer and deep humility. The question is often asked, "Who is responsible for revival: God or man?" To satisfactorily answer that question, the author of "Reviving a Nation" reviews the ancient biblical record of revivals led by Judah's good kings along with the more recent history of America's Great Awakenings. Comparing and contrasting the successes and failures of previous revivals helps the reader to draw his or her own conclusions about what constitutes a true revival, what America's needs are at this moment for revival, and how revival can be sparked first in the individual Christian, and then in the home, family, community and finally in the nation as a whole. Drawing from his 35 years of experience as a Christian (who was, is, and always will be in need of personal revival) and from his many years of experience on mission fields around the world, the author points the way for all those who are looking for a revival personally, for the church, and the American nation in the 21st century. "It's true that (many) are praying for a worldwide revival. But it would be more timely, and more scriptural, for prayer to be made to the Lord of the harvest, that He would raise up and thrust forth laborers who would fearlessly and faithfully preach those truths which are calculated to bring about a revival." - A. W. Pink

How desperate are you? Revivals always begin with personal desperation. When we are desperate enough to cry out to God for our need, He releases a deluge of His Spirit to not only meet your need, but to also change your family, community, state, nation and the world. The greatest revivals have all been initiated by the deep-seated needs of man. God has responded to passionately meet each of those needs. Waves of God's mercy in response to our heart's cry will benefit those around us and even the world. The World's Greatest Revivals explores: The Reformation. The Great Awakening. The Azusa Street Revival. The Toronto Blessing. Through extensive research and personal experiences, authors Fred and Sharon Wright share the fascinating history of revivals and revivalists over the past 600 years-and explore their long-lasting impact on society. This book shows the personal impact of these revivals and how our desperation opens the floodgates of heaven.
