2 because I love Star Trek. Only 2 because this is basically useless as a wall calendar. Look carefully at the pics, you'll see how small and utterly useless the actual date display is. Last time I checked, that was the purpose of a calendar. I added it to my cabinet of Star Trek memorabilia and will leave it at that.

Among the top-grossing Hollywood blockbusters of all time, Star Wars launched one of the most successful movie and licensing franchises in history. Yet much of the film's backstory was set in Britain, where the original trilogy was made and

## Acces PDF Star Trek 2018 Poster Calendar 50 Artists 50 Years

where early efforts at tie-in merchandising were spearheaded. The author provides a detailed account of the saga's British connection, including personal recollections of fans in the UK, exclusive interviews with staff members of Palitoy who took on the challenge of producing millions of toys, and the story of how a group of writers from the underground press in London combined with Marvel comics to produce the first Star Wars expanded universe.

Since 1957, Chase's Calendar of Events lists everything worth knowing and celebrating for each day of the year: 12,500 holidays, national days, historical milestones, famous birthdays, festivals, sporting events and more. "The Oxford English Dictionary of holidays." NPR's Planet Money.

From a seminal turn on Superboy and the Legion of Super-Heroes and creating the lost world of the Warlord, to his work on Green Arrow—first relaunching the Green Lantern/Green Arrow series with Denny O'Neil, and later redefining the character in Green Arrow: The Longbow Hunters—Mike Grell made an indelible mark at DC Comics in the 1970s and '80s. But his greatest contribution to the comics industry was in pioneering creator-owned properties like Jon Sable, Starslayer, and Shaman's Tears. Grell even tried his hand at legendary literary characters like Tarzan and James Bond, adding to his remarkable tenure in comics. This career-spanning tribute to the master storyteller is told in Grell's own words, full of candor, optimism, and humor. Lending insights are colleagues Paul Levitz, Dan

Jurgens, Denny O'Neil, Mike Gold, and Mark Ryan. Full of illustrations from every facet of his long career, with a Foreword by Chad Hardin, it also includes a checklist of his work and an examination of "the Mike Grell method." It is a fitting tribute to the artist, writer, and storyteller who has made the most of every opportunity set before him, living up to his own mantra, "Life is Drawing Without an Eraser." By Dewey Cassell, with Jeff Messer.

Money is Hollywood's great theme-but money laundered into something else, something more. Money can be given a particular occasion and career, as box office receipts, casino winnings, tax credits, stock prices, lotteries, inheritances. Or money can become number, and numbers can be anything: pixels, batting averages, votes, likes. Through explorations of all these and more, J.D. Connor's *Hollywood Math and Aftermath* provides a stimulating and original take on "the equation of pictures," the relationship between Hollywood and economics since the 1970s. Touched off by an engagement with the work of Gilles Deleuze, Connor demonstrates the centrality of the economic image to Hollywood narrative. More than just a thematic study, this is a conceptual history of the industry that stretches from the dawn of the neoclassical era through the Great Recession and beyond. Along the way, Connor explores new concepts for cinema studies: precession and recession, pervasion and staking, ostension and deritualization. Enlivened by a wealth of case studies-from *The Big Short* and *The Wolf of Wall Street* to *Equity* and *Blackhat*, from *Moneyball* to *12 Years a Slave*, *Titanic* to *Lost*,

The Exorcist to WALLE, Déjà Vu to Upstream Color, Contagion to The Untouchables, Ferris Bueller to Pacific Rim, The Avengers to The Village-Hollywood Math and Aftermath is a bravura portrait of the industry coming to terms with its own numerical underpinnings.

As human beings we all have creative potential, a quality essential to human development and a vital component to healthy and happy lives. However this may often remain stifled by the choices we make, or ways in which we choose to live in our daily lives. Framed by the “Four Ps of Creativity” – product, person, process, press – this book offers an alternative understanding of the fundamentals of ordinary creativity. Ruth Richards highlights the importance of “process”, circumventing our common preoccupation with the product, or creative outcome, of creativity. By focusing instead on the creator and the creative process, she demonstrates how we may enhance our relationships with life, beauty, future possibilities, and one another. This book illustrates how our daily life styles and choices, as well as our environments, may enable and allow creativity; whereas environments not conducive to creative flow may kill creative potential. Also explored are questions of ‘normality’, beauty and nuance in creativity, as well as creative relationships.

dress? Find out in Sally Anne Morris's spellbinding romance. Her love life in tatters, Rose Taylor decides its time to run away from London and open a vintage dress shop near her sister in Bath. If anyone is able to fully appreciate the life-enhancing power of finding and wearing that one very special dress, it's Rose. But it seems the tea dresses, ball-gowns and lace in Vintage Magic really do have a life of their own... As she uncovers the secret of the shop's magical powers, Rose realises that she can be transformed into a bewitching goddess, one with not only the power to get back the man she lost but to reach out and grab the life she's always wanted. Dressing to impress is about to take on a whole new meaning... What readers are saying about VINTAGE MAGIC: 'Another excellently woven tale with real touches of 'magic'. It takes you from the real world to some fantastical places, but ends up bringing you home with a very satisfying and unforeseen ending' 'Entertaining and quirky. The believable characters draw you in to this very British story of magic, clothes and relationships' 'Such a kooky, cute little book! There were so many funny moments throughout'

In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed Ships of the Line hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of

## Acces PDF Star Trek 2018 Poster Calendar 50 Artists 50 Years

the line. Through the actions of their captains and crews, countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed Ships of the Line hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful Star Trek: Ships of the Line calendar series. With text by Star Trek's own Michael Okuda, the story of each of these valiant starships now comes to life. ™, ®, & © 2014 CBS Studios, Inc. Captain's log: We have entered a galaxy where beloved illustrator Jenny Parks has conjured an astonishingly vivid homage to the original Star Trek series with an unexpected twist: a cast of cats. Featuring a hilarious new take on iconic characters and scenes—from Kirk in the Captain's chair to Spock offering his Vulcan wisdom—this eye-opening adventure stays true to the tone of the classic TV show. Playful, loving, and from a strange new world, Star Trek Cats is the perfect gift for fans of, well, Star Trek and cats.
