The Appian Way Ghost Road
Robert Kaster's account of the ancient Appian Way is part-history, part-travelogue and part-personal anecdote. He is essentially following a road that is, for the most part, buried five meters underground, partially restored in some of the historical parts of Rome, but mostly gone.

In *The Appian Way*, he brings a lifetime of studying Roman literature and history to his adventures along the ancient highway. A footsore Roman soldier pushing the imperial power south; craftsmen and farmers bringing their goods to the towns that lined the road; pious pilgrims headed to Jerusalem, using stage-by-stage directions we can still follow—all come to life once more as Kaster walks (and drives—and suffers car trouble) on what's left of the Appian Way.

The Appian Way: Ghost Road, Queen of Roads, Kaster

Robert Kaster and his wife travelled the length of the Appian Way, the first great Roman road, known far and wide in its time as *regina viarum*, "the Queen of Roads". Eventually, the Romans went road-wild and built a 75,000-mile network criss-crossing the Empire: compare the US' measly 46,000 miles of interstate highway.

The Appian Way is one of the earliest and strategically most important Roman roads of the ancient republic. It connected Rome to Brindisi, in southeast Italy. Its importance is indicated by its common name, recorded by Statius: Appia longarum... regina viarum "the Appian Way the queen of the long roads" The road is named after Appius Claudius Caecus, the Roman censor who began and completed the first section as a military road to the south in 312 BC during the Samnite Wars.
